GANGJIE PENG

102627184@qq.com · github.com/PengGangjie · Liuzhou, China

PERSONAL SUMMARY

Vocational-college lecturer and AI builder. Teaches a general AI course, and ships what that course is for: a training-lab platform, an offline tool for forest workers, and a four-track EP. Trimble SketchUp Official Trainer; buildingSMART Foundation. Previously a landscape designer at UDG, seconded to a municipal new-town bureau.

PROFESSIONAL EXPERIENCE

GUANGXI ECO-ENGINEERING VOCATIONAL & TECHNICAL COLLEGE — **LIUZHOU, CHINA**
Lecturer; Deputy Chief, Training-Lab Office (Academic Affairs) — 2021.07–Present

General AI course, 32 hours on campus, plus a four-episode recording for college teachers:

› One measure for major, curriculum, materials, teachers, and practice; about two hours, any episode, no meeting.

Shixun Platform, a permissioned cloud that replaced nested Excel ledgers for campus training labs:

› Shipped FastAPI + Logto + Turso with 5-role RBAC across 9 colleges; live at gxstzy-shixun.ai-builders.space.
› Aligned 245/438 classrooms to 354 labs, 547 room pages; audit-logged admin replaced folder archaeology.

Field work: a measurable archive of existing houses, and Lin Xiaozhi for township forest workers:

› Hosting a provincial grant on BIM + point-cloud preservation of Guangxi vernacular houses (2025KY1625).
› Shipped Lin Xiaozhi: remind, report, log, and dispatch; it still records when the network is down.
› Associate editor of the national forestry textbook Architectural Drawing and Reading.
› Trimble SketchUp Official Trainer (Std., T-010-000179, Aug 2024); buildingSMART Foundation (BgB5XZlAbY, Sep 2026).

Competition Studio, a student pipeline in interior, exhibition, and digital design:

› Coached regional vocational-skills 2nd (env. art), Future College Digital Art Design national 2nd, and Milan Design Week national 2nd.
› Won 5 national 2nds and 4 3rds in Digital Creative Teaching Skills; campus Outstanding Advisor and a moral-education case.

INDEPENDENT PRODUCTS — **OPEN SOURCE**
Product Builder — Lixing, Chenfu EP, and related tools — 2024–Present

Chenfu EP (Float & Sink), a four-track album hub for lyrics-synced listening and fan feedback:

› Shipped a 4-track album hub (lyrics sync, guest board, album loop) at chenfu-ep.ai-builders.space.

Lixing, a personal OS that turns daily review into tools a person actually fills in:

› Shipped an 11-module PWA (density log, bias ring, Wheel of Life) with Logto sync; habit first, then login.

WUHAN CHANGJIANG NEW TOWN ADMINISTRATIVE COMMITTEE — **WUHAN, CHINA**
Staff, Development Bureau (seconded from UDG) — 2018–2021

New-town planning desk for a municipal development district:

› Handled plan compilation, investment decks, and bids; bridged consultants and government sign-off.

UDG UNITED DESIGN GROUP (WUHAN) — **WUHAN, CHINA**
Landscape Designer — 2017.07–2021.07

Concept Landscape, early-stage masterplans and bid presentations:

› Produced overall concept schemes and pitch decks for landscape bids; interned 2016, hired 2017.

PUBLICATION

Peng, G. (2025). High-Precision Intelligent Digital Preservation of Traditional Architecture through Multi-Scale Fusion and Deep Learning. IEEE 3rd ICEACE.

EDUCATION

China University of Geosciences (Wuhan)	M.A. in Art Design	2017.06
China University of Geosciences (Wuhan)	B.A. in Environmental Design	2014.06
TU Berlin (exchange studio)	Design — Berlin 2030	2015

CORE SKILL SET

Build: Python, FastAPI, Logto, Turso, Cursor, ZCode, WorkBuddy
Domain: General AI teaching, SketchUp Official Trainer, buildingSMART Foundation, BIM, habitat archive
